SUMMARY OF THE FEEDBACK ANALYSIS:

Some of the major observations of the analysis are as follows:

- 71 percent of the total faculty members agreed that the syllabus is appropriate for the course and has been designed according to the need of students. Also majority of them were satisfied and agreed with the aims and objective of the syllabus.
- 62 percent of the total faculty members agreed that the content of the course helps to develop analytical, logical, technical and creative abilities of the students and only 2 percent of the respondent disagreed.
- Majority of the respondent felt that the classroom infrastructure is enough for imparting teaching learning activities. And they also agreed that the institution provides autonomy to the faculties to adopt new techniques and strategies of teaching as well as assessment of the students.
